

Field Trip Parent Permission Form

Date: _____

Dear Parent or Guardian:

Many times throughout the semester it becomes essential for the Physical Education class to travel away from school grounds in order to utilize facilities we do not currently have here at the high school. The activities can include but are not limited to tennis, swimming, bowling, golf and others.

When possible school transportation will be utilized for these activities. However, many times in larger classes it becomes necessary for other means of transportation. This permission form allows your son/daughter to ride in a vehicle driven by themselves/another student/instructor to these facilities for the supervised activity. In the unlikely event of an accident, the school sponsor will make every effort to contact you. However, if they are unable to make contact with you we would like your permission for the school sponsor to consent to any needed emergency treatment. Such treatments may include but not be limited to: x-ray, anesthetic, medical or surgical diagnosis, or other treatments and hospital care deemed advisable by a physician regardless of where the treatments are rendered.

I have read the information stated in the previous paragraphs of this form and I give _____ permission to ride in another vehicle to participate in these activities. By signing this form, I hereby release the instructor and Manitou Springs High School from all liability in the event something should happen.
